Chasity C. Rossum

Dear Sir:

Please enter the claim amendments below to correct typographical errors in the pending claims of the above-identified patent application. Note that this transmittal is in response to a conversation with the Examiner on March 18, 2002 wherein the Examiner indicated that since she had not reviewed the most recently provided amendment, that these corrections should be provided in a supplement amendment transmittal. Accordingly, the present transmittal is the supplemental amendment that the Examiner indicated should be provided.

IN THE CLAIMS:

Please amend claim 179 as follows:

66 ~~179~~ (Thrice Amended) A method for locating a wireless mobile station, comprising:
repeatedly performing the following steps (A1) through (A3) for tracking the mobile
station;

5 (A1) receiving a location estimate of the mobile station said location estimate obtained
from using at least one of (a) and (b) following:

- (a) first data obtained from wireless timing signals received by the mobile
station from one or more satellites, wherein said timing signals from each of the
one or more satellites identify a locus of locations of the mobile station; and
